State Clearinghouse Number (if submitted to State Clearinghouse): 2014091060

Project Title: Northern Area Project

Project Applicant: Buena Vista Water Storage District

Project Location (include county): 16 miles west of Bakersfield, Kern County

Project Description:

The NAP primarily entails the installation of approximately 20 miles of buried pipeline. The pipe would vary in size, between 21 and 63 inches, and be primarily buried adjacent to the Main Drain Canal and other district facilities, including portions of the Westside and Eastside Canals. The new pipeline would be installed largely within the existing right-of-way of the Main Drain and other district facilities. Laterals that deviate from district facilities would be located adjacent to field roads or other geographical features that minimize impacts to conservation and farming. Easements would be obtained from landowners to accommodate the new pipeline. The project construction would

This is to advise that the Buena Vista Water Storage District _____ has approved the above
 Lead Agency or Responsible Agency)

described project on _____ and has made the following determinations regarding the above
 (date)
 described project.

1. The project [will will not] have a significant effect on the environment.
